Give your child the opportunity to learn Spanish! The Language Link classes are forming at Arbor Heights for the Fall Session, so register now to secure a space!

World language learning is critical for your child. Children who have studied a second language in a sequential, well-organized program exhibit cognitive advantages:

- They do significantly better at tasks requiring divergent thinking, problem solving, and figural creativity (Landry, 1974);
- They score higher on standardized tests in language arts, reading, and math than students not enrolled in foreign language programs (Rafferty, 1986; Garfinkel and Tabor, 1991);
- They have an improved self-concept and sense of achievement (Masciantonio, 1977).

Art, music, games and fun - Students learn academic and social language skills through games, music, art, drama and spontaneous conversation. The focus is on development of oral proficiency.

Small Classes sizes -

Class size is capped at 12 students, and requires a minimum of 8, students per class - you will be notified by email of schedule changes due to class sizes. If you do not
